

Structural Team Leader

£60,000 - £75,000

Nottingham - hybrid working

Board level representation

Are You Ready to Take the Next Step in Structural Leadership?

A growing consultancy is seeking a highly experienced Structural Team Leader to take a managerial role in their **Nottingham** office. This position is ideal for an ambitious individual with a structural background who wants to step up, lead an established team of 8 engineers, and shape their work environment.

This role provides the perfect platform for a skilled, hands on individual who is looking for more autonomy and the freedom to run their team their own way..

The successful Structural Engineer will:

- Step up and lead an established team of 8 people.
- Take charge of team management, with support from the office Director.
- Handle your own financial reporting for the team.
- Attend monthly senior management meetings to discuss office issues.
- Have a flexible focus on technical leadership or work winning, but requires a strong hands on attitude.
- Work is based in the Nottingham office, requiring 3 days per week in the office.

To be successful, you must:

- Must have a minimum of 10+ years experience.
- Chartered status is not mandatory but highly desirable.
- Have key project experience within the industrial and residential sectors,
- Experience with MOD building projects is beneficial.
- Be able to lead and manage a team of engineers.
- Be capable of driving technical delivery while managing financial reporting.

The Package

- £60,000 - £75,000
- Hybrid working from the Nottingham office
- Company pension scheme
- Buy and sell 5 days annual leave
- Full autonomy of workload
