

## Head of Sustainability

London - Hybrid Working

£60,000 - £80,000

### Reporting to the Director of Building Services

*Are you an ambitious leader ready to transform an Environmental Engineering team into a dynamic, client-focused entity?*

We are working with a highly successful engineering consultancy that has recognised its responsibility to lead change within the built environment by adopting a carbon and energy led approach to design.

We are seeking a Head of Sustainability to lead and develop the Sustainability and Building Physics team. This is a strategic opportunity to progress the area of sustainable environmental engineering internally and help clients realise their requirements while significantly reducing energy consumption and carbon footprints.

#### The Head of Sustainability will:

- Lead and develop the Sustainability and Building Physics team.
- Help direct the Building Services Team and provide a full range of sustainability and engineering services.
- Represent the team in project interviews and client meetings, understanding the critical nature of work winning.
- Oversee and provide services including Energy Strategy, Building Physics, Building Performance, and operational Energy Optimization.
- Lead assessments, certification, and compliance for BREEAM, LEED, SKA, and PassivHaus.
- Provide guidance on Wellbeing and Wellness Assessments as well as Whole Life Carbon Assessments using tools like LCA OneClick and CRREM.
- Assist in the establishment of the Group's ESG team and champion internal sustainability goals.

#### We are looking for a Head of Sustainability with:

- An education to degree or master's level in Engineering or Sustainability in the Built Environment.
- A minimum of 10 years of sustainable engineering consultancy experience.
- A strong understanding of BREEAM, LEED, PassivHaus, Ska and certification concepts.
- A willingness to gain further certification in sustainability disciplines and industry-recognised software.
- Excellent communication skills and the ability to lead a multidisciplinary team.

#### The Package

- £60,000 - £80,000
- Hybrid working
- Health insurance
- Long service awards
- Incentive schemes
- Business Friday finish
- Death in service
- Annual season ticket loan
- Enhance maternity and paternity leave

If of interest, please apply today and one of the team from One Generation will get back to you shortly!
